Problem of student :

Bhairabi Laskar was a student of B.A 3rd semester. She was absent for long days. She gave application and said that she had been suffering illness. She was introvert in nature. She did not talk with others, friends, teachers openly. But she has more talents in art, poem writing etc. We counselled with her and tried to increase intimacy to know her problems.

Problem of student :

Nabanita Devi was a student of B.A, 3rd semester honours. She was very irregular in classes and lack of sincerity in her study work. In this way she would not be able to complete graduation well. This matter was discussed among the teachers of the department and asked her for her insincerity.

Advice and Support :

She said in front of the teachers that she was absent for her family problem. We communicate with her guardian and request to take precautions for continuing her classes regularly without hamper for studying. Her guardian convinced and promised to send her to regular classes.
